Section I. Annual Title II Report to the Indiana Professional Standards Board

Mission: The University of Saint Francis exists to challenge and engage a diverse student body by facilitating learning, personal growth and professional development in an environment permeated by Franciscan Values. Founded in 1890 by the Sisters of Perpetual Adoration, the University is a Catholic, coeducational institution of higher education in the liberal arts tradition, offering undergraduate and graduate programs to students from a broad geographic region.

Commitments

Committed to the mission of Catholic higher education and the Franciscan tradition we will:

1. Offer high quality, state-of-the-art academic programs, based on a core curriculum, which promote excellence in teaching and learning and foster in each student a lifelong interest in the pursuit of knowledge.
2. Provide a welcoming and secure campus community where student interests influence program and policy decisions.
3. Foster the formation, moral, and ethical values in a Christian learning atmosphere that allows students to recognize the unique dignity of each person, understand peace and justice issues and become responsible stewards of creation.
4. Facilitate the development of each student's talents and abilities by ensuring that professionally qualified faculty, rather than teaching assistants, teach all classes.
5. Encourage scholarship, critical thinking, and the development of interpersonal skills enabling students to live and learn in a complex, technological society.
6. Create an awareness of issues that affect the local and global community-enabling students to realize the value of diversity and the joy of serving others.
7. Provide an integrated academic and student life program that meets the changing needs of a diverse student body.
8. Deliver a comprehensive and affordable educational experience.
